

Dear Commissioner Henney:

6-26-99

I urge you to adopt a definitive national guideline regarding rBGH labeling for all dairy products. As well the ~~the~~ products/
~~the~~ produced with genetic engineering^{110:42} Crops
in general is a disgrace, especially when
the public ~~is~~ is not informed on what is
safe and what major companies such
as Monsanto are doing to the agriculture
industry. Please support the people's effort
to protect safe and healthy food choices
by giving labeling a chance. Sincerely, Cam Carter
